

## How to Read Ride Schedule

The Ride Schedule does not use explicit dates so that a general format may be used. The reference for the calendar is the first Saturday of the month. Thus the first Saturday must be between the 1<sup>st</sup> and the 7<sup>th</sup>. If the first Saturday is on the 4<sup>th</sup> the first week contains days 1-4 so Thursday and Saturday would show rides.

A few examples follow.

The 1<sup>st</sup> falls on a Saturday. The only thing listed for the first week would be the Saturday ride; the rest of the week would be blank.

The 1<sup>st</sup> falls on a Wednesday. The schedule would show the Thursday and Saturday rides. The rest would be blank.

The 1<sup>st</sup> is either on Sunday or Monday. Rides for Monday, Tuesday, Thursday, and Saturday would be shown.
